

Retail Shareholders

Welcome to Accor's Shareholder Relations Center

Accor is the European leader and a major global Group in Hotels.

As the owner of a portion of Accor's capital, you also own a share of the company's net profit, paid through an annual dividend. You will be asked to express your opinion on important issues in the life of the company by voting at the Annual Meeting, and you can request or find on this site all the information you need to make your decision.

The latest Letter to Shareholders is now available. You may either download it directly from our website or sign up for automatic electronic delivery (in French only) of the Letter and other Accor financial publications. By choosing this environmentally friendly delivery method, you will help save paper and avoid transport-related CO2 emissions.
