Accor participating in the training of Chinese students in France

As part of a partnership between Accor and the National Department of Education, six Chinese students began the new school year at the René Auffray School of hotel management, in Clichy.

The aim of this programme is to give Chinese students an opportunity to study in France for a Higher National Diploma in hotel management.

This three year course is made up of a first year refresher course and two years of training including 2 four month, in-house traineeships in ibis hotels. 6 students are beginning their training this year.

At the end of the three years, the students having successfully passed their exams will be offered a management position in an ibis hotel in China.
