### **Pullman, a new approach to high-end meeting organisation**

With a convention centre comprising 9 reception rooms equipped with all the required technological facilities (business centre, internet corner, free WiFi), the Pullman Barcelona Skipper is the ideal setting for events. The hotel can seat up to 800 people in its convention centre.

### **Customised services around the clock**

The hotel boasts three bars and two restaurants: the "Malbec" featuring modern Mediterranean cuisine and a gastronomic alternative, the "Syrah".

**Room service, available 24 hours a day**, offers food service without any constraints to meet the needs of international clients whose daily rhythms are often upset by time differences.

Finally, to satisfy sports lovers and the need for relaxation, two outdoor swimming pools round out offerings at the "Healthy Atic Spa" and fitness centre.

With the opening of this establishment in Barcelona, Pullman is now proposing its unique, innovative hotel offer in two major cities on the Iberian peninsula: Barcelona and Madrid.
