as guests of the earth, we welcome the world

ACCOR OFFICES ENVIRONMENT CHARTER

Around the world, Accor is committed to protecting the environment.
And in this building, we:

Our achievements

INFORMING AND RAISING AWARENESS

- 01. Are aware of environmental issues
- 02. Take simple actions to protect the environment
- 03. Make our visitors more aware of environmental issues
- 04. Make it easier for our visitors to use less polluting means of transportation
- 05. Make it easier for our staff to use less polluting means of transportation

ENERGY

- 06. Set objectives for limiting consumption
- 07. Monitor and analyze consumption monthly
- 08. List potential technical improvements
- 09. Organize preventive maintenance
- 10. Ensure optimal use of plant and machinery
- 11. Promote the use of energy-efficient equipment in the office (computers, printers, photocopiers)
- 12. Install efficient façade lighting
- 13. Use low energy lamps
- 14. Automatically adjust lighting based on the room's occupancy
- 15. Use LEDs for the emergency exit signs
- 16. Automatically adjust heating and air-conditioning based on the room's occupancy
- 17. Insulate pipes carrying hot/chilled fluids
- 18. Use energy-efficient boilers
- 19. Recover energy from the main ventilation system
- 20. Use energy-efficient air-conditioning systems
- 21. Install solar panels for production of domestic hot water
- 22. Use renewable energies

WATER

- 23. Set objectives for limiting consumption
- 24. Monitor and analyze consumption every month
- 25. Install water flow regulators on basin faucets/taps
- 26. Install water-efficient toilets
- 27. Eliminate water-cooled refrigeration systems
- 28. Recover rainwater

ISO 14001 CERTIFICATION

Our achievements

WASTEWATER

- 29. Collect and recycle used cooking oil (if applicable)
- 30. Separate and collect grease from food stuffs (if applicable)
- 31. Treat waste water or have it treated
- 32. Recycle grey water

WASTE

- 33. Recycle paper/cardboard packaging
- 34. Recycle papers, newspapers and magazines
- 35. Limit the use of disposable packaging for supplies
- 36. Limit the use of disposable cups
- 37. Recycle glass packaging
- 38. Recycle plastic packaging
- 39. Recycle metal cans
- 40. Recycle organic waste (if applicable)
- 41. Recycle green waste from interior and exterior gardens
- 42. Dispose safely of batteries
- 43. Recycle electrical and electronic equipment
- 44. Recycle ink cartridges
- 45. Dispose safely of fluorescent bulbs/tubes

OZONE LAYER

- 46. Eliminate appliances containing CFCs* (refrigerants)
- 47. Check that appliances containing CFCs, HCFCs or HFCs* (refrigerants) are leak-proof

BIODIVERSITY

- 48. Reduce use of insecticides
- 49. Reduce use of weed killers
- 50. Reduce use of fungicides
- 51. Use organic fertilizers
- 52. Minimize and control landscape watering
- 53. Use locally adapted plants
- 54. Plant at least one tree every year
- 55. Participate in a local action for the environment

GREEN PURCHASES

- 56. Use ecological paper
- 57. Reduce the quantity of paper
- 58. Use recycled toner cartridges
- 59. Promote the use of Ecolabel products
- 60. Promote the use of organic products (if applicable)

* CFC: Chlorofluorocarbons, HCFC: Hydrochlorofluorocarbons, HFC: Hydrofluorocarbons.
